

THE PLACE WE LIVE IN: GREECE

I come from Greece, the most beautiful country in Europe. It borders with Bulgaria and F.Y.R.O.M. in the north, with Turkey in the east and Albania in the west. I don't come from the capital Athens. My hometown is Zacharo, on the coast of Ionian Sea. Greece has got big mountains and plains but also, beautiful seas and rivers such as the Aheios. The weather in Winter is warm and rainy. Summers are very hot and sunny, so we all have a bath in the beaches. My country is not very rich, and our families leave their hometown to find a work, but we've got a lot of wonderful islands such as Mykonos and famous sights like the Parthenon, Acropolis etc. In my opinion, Greece is the best country to visit with hospitable and friendly people. I love it very much.
